THURSDAY, JANUARY 12, 1899.

JUDGE TARTIN, of Covington, has wined and dined Candidate Warrior Jennings Bryan.

COLLECTOR SAPP, of Louisville, says he is ready to meet investigation of the administration of his office.

EX-GOV. JOHN YOUNG BROWN is still considered a probable candidate for the Democratic nomination for Governor. A friend of his says he will be announced in a few days.

CAPT. GUY B. SCOTT, a Louisville man who has the credit of having fired the shot from the forward gun of the Texas which killed eighty-six men on the Viscaya, is out of the service and will again make his home at Louisville. The Navy Department should not let such a crack shot get away.

CHAS. H. SWEENEY, who says he has "turned over a new leaf, renounced the Democratic party and all its works," has issued the number of the *Greenville Tribune*, a Republican paper, and promises to be good. The *Bee* extends the right hand of fellowship and trusts he will keep the faith and make his laudable promises good.

An extract from the *Black Diamond* reproduced in our "Down in the Mines" column today sets forth in interesting style the reasons for the great activity of the coal trade throughout the country during the present season. Many who are interested in the trade will be interested to read the article in question.

The Guthrie *Courier* has changed management and form. One wise and decent change made is the removal from its editorial columns of the big double-column portrait of an always candidate, a once nominee, a short-time ago warrior. While maintaining its importance as a local paper our contemporary concludes that it is not a national Democratic convention, and falls a little short of the power to select presidential candidates.

UNIONTOWN has passed an ordinance requiring all druggists to pay a tax of \$250 and it is further stated that all druggists will be forced to take out whiskey license "as they will be compelled to pay the \$250 license anyway." There's something dead up the branch. Either the white sheep in the flock of Uniontown druggists is lacking or the city dads don't propose to have to walk further than the nearest druggist when they are thirsty.

The *Evening Post* rises to remark that "It is manifest that Mr. Hill and not Mr. Sommers is on the Goebel slate for Secretary of State, and its reason for reaching this conclusion is that the editor of the *Elizabethan News* announces that that paper is no longer a Goebel organ."

Whatever the reason prompting Editor Sommers to a change of front it is a feather in his cap that he has turned his back upon Goebelism, as many another Democrat who looks to the future has wisely done before him.

EX-PRESIDENT CLEVELAND is against American control of the Philippines because there are some savages there who may not take to the ways of civilization and may be foolish enough, as some of them uncivilized children that they are doubtless will be, to run plump into the buzz-saw of Uncle Sam's army. Some of them may be killed. This would be deplorable, certainly, however few they might be or however benighted.

But if Mr. Cleveland is going to advise a shirking of national responsibility lest some such unpleasant episode arise, he, to be consistent, should propose a plank for the Democratic platform providing that all Americans except the original Red ones withdraw to some neighboring continent or take to the surf in order that the almost exterminatedaborigines might grow and multiply and possess the land and thus right the mighty wrong perpetrated by our forefathers.

Stay-Stop.

An Atlanta dispatch says that a stout corset stay saved the life of Mrs. Phillips, of Chicago, from a parlor rifle bullet. What blessed

fortune! An argument has been found. Stays—stout stays—have a defense. This is even better than the snake-bite defense of the worm of the still. Great discoveries have been made by merest accident. The world moves and there is yet hope that excuse may be found for Chinese shoes.

Use Our Jail Birds.

The inmates of our county jails should be employed in improving our county roads. Their time could be used and their muscles developed thus for the great public good instead of their remaining in constant idleness in their cells, a dead expense to the county. Our laws provide that this may be done and the proper officials should take the proper steps to use this available labor constantly for the betterment of the miserable roads which prevail in the major part of the county.

Mr. Goebel Reckless.

Mr. William Goebel, the father of the renowned Bill Goebel Bill, has grown reckless and he don't care a double-blank domino who knows it. He'll just be blanketed-blanked if he don't do as he blank pleases. He told a reporter for the *Louisville Commercial* the other day that he could "print anything he d—mned pleased about him." Ah, there's a high mucky-muck for you! Just wait until he gets the Democratic nomination—will he? Then it will just be a plain old case of "the public be d—mned."

Shall we Pay Poll Tax?

An interesting ruling has been made by County Judge J. A. Spalding, of Union County, which develops a new point with reference to taxation in Kentucky. He holds that unless delinquent tax-payers have property exceeding \$250 no sale can be made to collect any kind of tax, not even poll-tax; that the \$250 of personal property that is exempt under the law is absolutely exempt from all taxation. The decision makes work for the higher courts, and if Judge Spalding's ruling has good foundation it makes interesting reading for the public and the public treasury. If a man enjoy the right of suffrage it does seem that he ought to value that right sufficiently to pay a pittance per annum for the public support.

A Kingdom for an Issue.

The *Courier-Journal* recently correctly depicted the condition of the Democratic party—the party without an issue—when the brainy editor of that journal suggested a ticket "without a platform" for that party's next Presidential campaign.

The following more recent utterance of the same writer indicates how fruitless yet remains the quest for an issue:

Maybe Mr. Bryan, having concluded that there is no presidency in the 16-to-1 issue, and being shrewd enough, let it be hoped, to discover that there is no presidency in the anti-expansion issue, may flush a winning issue in the question whether the Twentieth century begins with the year 1900 or 1901.

In fact the strait with the Democrats is so desperate that there are those who seem almost ardently hoping for military reverses for our troops in some of the Philippines, in order that they may rise up and preach the gospel of peace for their own profit and prophecy dire vengeance of the Almighty upon the heads of those who have heard the voice of the people and mayhap the voice of God and are upholding this government in its belief in and acceptance of a national responsibility with its great duties and possible hazards.

What ghosts and skeletons would these see who look with such dread upon a possible battle with Filipinos, should they dare look back on the actions of their forefathers in the early days of this nation.

Mr. C. T. Martin, of Springfield, Tenn., who visited Mr. and Mrs. J. W. Robinson during the past week, was years ago in charge of a carpenter force on the L. & N., and had a hand in the remodeling of the old Earlington depot to its present attractive shape. (Oh, if he now only had the desire and permission to take it away as a relic!) Mr. Martin was investigating the Earlington electric light plant, getting information that might be of value in the negotiations of his city for a new plant which they are about to install.

This will be good news to young Kentuckians who contemplate anything in the line of sudden and unannounced matrimony—mayhap in the middle of the night.

Highways which are rendered impassable by ordinary rains—and there are many of them—are not fit to be called roads.

HON. JOHN FELAND.

Death Claims the Distinguished Citizen and Jurist.

Long and Honorable Career is Ended—Bar Takes Action.

From the Kentucky New Era.

The announcement that Judge John Feland had succumbed to death shocked and surprised the city and threw a shadow of gloom over the community which the glad sunlight of the Sabbath morning could not dispel.

The place which the distinguished jurist held in the affections of his home people could not have been more eloquently expressed than in the faces of the people on the streets and in the churches when the news became known. It was hard to grasp the real purport of the announcement. It was difficult to realize that the form so lately seen in the active duties of a busy life was now still in death, and that the voice, which but a few days before had been heard in pleasant greeting was now silent forever. While Judge Feland was known to be very ill, and it was understood that the greatest apprehension was entertained by his physicians and family, the public was unprepared for the news of his death.

He had been confined to his bed less than a week. He contracted a deep cold, which in the rush of his professional duties was neglected. This developed into a most malignant attack of the grip and last Monday he was compelled to take his bed. On the following day he began to develop symptoms of erysipelas. It attacked his face and spread rapidly over his throat and chest. This dangerous complication of grip and erysipelas was accompanied by a very high fever and hours of delirium. Shortly before noon his condition grew alarmingly worse and his physicians were hastily summoned. Under the influence of stimulants he rallied and during the afternoon his condition indicated a marked change for the better and warranted hope that his robust constitution would triumph over the combination of maladies. But it was not to be. At an early hour Sunday morning there came a relapse and he sank rapidly until the end. At 7 o'clock the vital spark expired while the members of his family, heart broken, stood around his bed.

Judge Feland was born on the 23d day of December, 1837, in Barten county. While a mere boy, his father moved to Christian county and was for ten years postmaster of this city. He began the study of law in 1858 with the late Col. James F. Buckner. Shortly after being admitted to the bar, hostilities between the sections began and the young attorney enlisted as Quartermaster of the Third Kentucky Federal cavalry. He remained with his regiment until after the battle of Shiloh. He was then transferred to the Eighth cavalry, serving until 1863, when he returned to Hopkinsville. In the following year he formed a partnership with Gen. Benjamin A. Bristow, who later was Secretary of the Treasury under Grant. Later he was associated with Walter Evans.

He allied himself with the Republican party in early life and never ceased to be a factor in its councils and policy in this State. His political career was equally honorable with his professional, beginning in 1875 when he defeated Hon. James A. McKenzie for the Legislature. He was re-elected to the lower House in 1877 and 1879, and was Presidential elector for the State at large on the Republican ticket in 1876. In 1880 he was elected to the State Senate to fill the unexpired term of Hon. Austin Peay. In conjunction with Judge Joshua F. Bullitt he edited the New Code of practice which took effect January 1, 1877.

Upon the return of the Republican party to power with the Harrison administration he was appointed Collector of Internal Revenue for the Second Kentucky district, with headquarters at Owensboro. At the expiration of his term he practiced his profession at Owensboro a year and then returned to Hopkinsville and resumed a lucrative practice.

Judge Feland was married on Feb. 12, 1863, to Miss Sallie Kennedy, daughter of S. W. Kennedy, of Todd county. Mrs. Feland and four children survive him. They are W. S. Feland, Deputy Revenue Collector; John Feland, Jr., of this city; Capt. Logan Feland, of the Volunteer army, and Mrs. John Gilmore, of Owensboro.

Judge Feland was a man of superior mental endowments and vast intellectual resources. He had been student all his life. Not only had he pored over the principles and precedents of his profession, but he had gathered into his mental storehouse the gems of polite literature and results of scientific research.

With his wide range of information his genial nature and engaging personality he was a man whose society was instructive and widely sought.

At the bar Judge Feland had few equals in this State. He fought for his clients with tenacity and contested every point with skill. He was a powerful and persuasive man before a jury, and on the hustings in political meetings he was a dangerous antagonist.

He was a man of generous impulses and kind heart. His life was full of deeds of charity and kindnesses of the quiet, unostentatious sort. To the younger members of his profession he was ever generous, and his words often encouraged those who despaired in the struggle. By none will his loss be more deeply felt than those who were wont to seek his counsel

in the technical details of practice.

Bar Takes Action.

At a meeting of the members of the Hopkinsville bar held at 9 o'clock this morning in the County Court room for the purpose of taking suitable action with reference to the death of Hon. John Feland, Judge J. I. Landes was elected chairman and Frank Rives secretary.

On motion the following resolution was adopted:

Resolved, That the members of this bar sorrow the death of Hon. John Feland from his late residence to the Methodist church and attend in a body the funeral services there and the burial at Hopewell cemetery.

On motion the following members of the bar were appointed a committee to draw up and present resolutions expressive of the sentiments of the bar in their loss and of sympathy to the bereaved family in the great affliction that is upon them: Jo McCarroll, A. H. Clark, Hunter Wood.

Whereupon the committee submitted the following resolutions:

WHEREAS: The members of this bar have learned with the deepest sorrow that death has again invaded their ranks and chosen from among them the Honorable John Feland, one of their wisest, most honored and beloved members;

WHEREAS: The members of this bar would give expression to the esteem and admiration in which their late distinguished co-laborer was held and to the sentiments of grief and sympathy with which they are moved; therefore be it

Resolved, That in the death of Judge Feland a member whose noble character and erudition lent lustre and honor to his profession, whose career at the bar covering a period of more than forty years was well calculated to excite the admiration of his contemporaries and to the gratification of his constituents, say adieu. Among the many reforms he suggested to the legislature, is one giving him the right, when he was a mine operator, who does not strictly fulfill the requirements of the law is to empower him to at once bring suit, without giving the operator a chance to remedy the evil.

Said a leading coal operator a few days ago: "It is true we are shipping an immense amount of coal, but at the present demoralized condition of prices there is little profit made." When the demand for grain is great, our farmers generally reap the benefit from advanced prices and why can't our coal producers fare likewise? Good prices for coal in Kentucky means good wages to miners, so why not, as they say when the demand justifies it, and the prices are too low?

The St. Bernard Coal Company, after having made every effort in their power to supply the demand for coal from the mines under operation, and failing to do so, decided, some weeks ago to re-open what is known as the Arnold mine, and which was closed down by them about twenty-five years ago. A large force of men, under Foreman Rife, has been placed there, and are making rapid progress toward getting the mine in good shape. The condition of the mine is said to have been found surprisingly good, when the length of time it was idle is taken into consideration. Much of the timbers used as braces for the track purposes have been found sound enough for present use, and but little of the roof was found caved in. The air pipes have been laid to the new mine, mining machines are at work, and the railroad track to the mine is about completed so that coal can be loaded there for shipment.

On motion the meeting then adjourned.

J. I. LANDES, Chairman.

FRANK RIVES, Sec'y.

Committee on Resolutions: Jo McCarroll, A. H. Clark, Hunter Wood.

On motion the above resolution was unanimously adopted and the following members of the bar were appointed pall bearers:

ACTIVE: HONORARY: O. H. Anderson, R. T. Petree, Hunter Wood, J. D. Rife, W. E. Warfield, Jr., J. McCarroll, J. T. Hanberry, C. H. Bush, W. R. Howell, John Phelps, W. T. Fowler, B. Brewitt, Frank Rives, Polk Causler, J. W. Downer, F. L. Wilkerson, W. G. Prowse, Walter Hale.

On motion the meeting then adjourned.

Republicans of Hopkins County.

This is the year for us to put aside all past differences if any exist and unite as one man in order that we may be enabled to work in harmony as becomes us, for we will be called upon in this good year to place in the field a set of men to represent the principles of our grand old party from governor to representative. Party strife and factions must cease if we expect to make our influence felt. With the preponderance of political feeling largely in our favor incident to the wise, conservative and patriotic administration of Wm. McKinley and the judicious administration of affairs by Governor Bradley, we should enter the campaign this fall with the supreme confidence that the people are with us as against the promoters of Goebelism and the remnant that is left of the once proud Democratic party and lay it in the shade never to be resurrected as long as it remains only a party of opposition and for the disfranchisement of voters by legalized method such as the Goebel bill.

Let the past be forgotten and look to the future and be guided by higher motives than self-interest, and then we will be a power for good, felt and recognized throughout the State. Will we do it? This is the question that confronts us at the opportune moment and the one for us to address ourselves to in this morning of the new year.

Sectionalism is buried. The glorious stars and stripes, the emblem of liberty, floats grandly and serenely over a re-united and happy and prosperous people and the "enemy's country" is no where in sight. Nationality, expansion and progress is now our motto, and let us prove ourselves competent and worthy to meet the great responsibilities intrusted to us by the future generations and we will do it. case last week amounted to about ten cars per day. One train of twenty-one cars was sent out in one day.

Secretary Hall, of Oakhill mine, says that while they are constantly increasing their production, they are yet unable to supply but a small part of their orders for coal from the mine.

News from Jellico says the track of the Proctor Coal Company's railroad was flooded on Saturday by heavy rains so that their engine was unable to handle cars to and from the mine.

A company has been organized to dig for gold in the mountainous hills about Dillsboro, Ind. They control about 400 acres of land and announce that an expert miner has been employed to take charge of the work.

About sixty cars of coal were brought in on one train from Reeseeck, Monarch and mines north of here on Friday last week, which shows that prosperity has struck them as well as all other mines in this county.

Thomas Longstaff says some delay was caused at Harlan by a cave-in of an entry, but hard work, under his supervision, soon cleared the large amount of slate and dirt out of the way.

The miners at Carlisle, Ill., claim that they have been defeated by the weighman using false weights for years, but they were only able to discover it lately and if it is so all lovers of right and justice hope the guilty parties may suffer.

Reports say the agitators lately spent some time at Madisonville, and received little if any encouragement in their work of organizing. The wise Kentucky miner sees no benefit to be derived from taking their advice and continues to dig coal rather than meet and resolute on peace.

Foreman Thos. Robinson, of the Empire mines, says the demand for their coal for steam purposes, has of late grown to be very heavy and he says his company is now taking seriously of making another opening to increase their production. Improvement in track facilities are being made by them in order that they may load more per day.

The State Mine Inspector, of Indiana, is evidently a strong friend of the miner of that State, but we fear his friendship for them is leading him too far, and we might say astray. Among the many reforms he suggests to the legislature, is one giving him the right, when he was a mine operator, who does not strictly fulfill the requirements of the law is to empower him to at once bring suit, without giving the operator a chance to remedy the evil.

The glorious stars and stripes, the emblem of liberty, floats grandly and serenely over a re-united and happy and prosperous people and the "enemy's country" is no where in sight. Nationality, expansion and progress is now our motto, and let us prove ourselves competent and worthy to meet the great responsibilities intrusted to us by the future generations and we will do it. Let the past be forgotten and look to the future and be guided by higher motives than self-interest, and then we will be a power for good, felt and recognized throughout the State. Will we do it? This is the question that confronts us at the opportune moment and the one for us to address ourselves to in this morning of the new year.

SOLE SURVIVOR

Of the Morgan Escape Is Capt. L. D. Hockersmith.

Appropos of the revival of interest in the famous escape of Morgan and his raiders from the Columbus penitentiary caused by the recent discovery of a passage through the tunnel through which the prisoners passed out to freedom is the only survivor of the seven Confederates who escaped. He is Capt. L. D. Hockersmith, who is now living quietly at Madisonville, Ky., says the Louisville Times. Gen. Basil W. Duke, who was confined in Columbus prison and who worked on the tunnel, is authority for the statement. It has been a popular error that Gen. Duke was in the party. Gen. Duke stated to a Times reporter that the seven men who made their escapes were Gen. John H. Morgan, Captain, afterward Judge, Thos. H. Hines, Capt. Ralph Shelton, Capt. Samuel Taylor, Capt. Gus McGhee, Capt. Jacob Bennett and Capt. L. D. Hockersmith. It will be observed that all of these except Gen. Morgan were captains.

Gen. Duke does not believe that there was ever any mystery about the tunnel. He says that after the escape had been discovered, people flocked in to see the exit. He deprecates the story of connivance with prison officials.

New Hotel Earlington.

The new Hotel Earlington is now in full sway. Mr. and Mrs. Jno. M. Victory, whose ability to accomplish what they desire in the new enterprise is unquestioned, are bending every energy to make the house comfortable, homelike and popular. The hotel is properly Mrs. Victory's domain but Mr. Victory is incidentally giving certain details his personal attention in order to help get things moving smoothly and well. The house is newly furnished and fitted throughout, lighted by electricity and has baths with hot and cold water for guests. The culinary department may be expected to produce all that is to be desired. All trains are met, night and day.

Wonderful Discovery.

LANSFORD, ALA., April 15, 1898. New Specimen Medicine Co. Dear Sir:—I have been troubled with liver and stomach complaint. I had no appetite and my general health was very bad. I took medicine from four different doctors and they failed to do me any good. I got no relief until I began to use your valuable Nubian Tea. I used about two dollars worth of it, and it did me more good than all the medicine I ever took. I have gained thirty-five pounds in weight and my health is very good. I can sleep soundly and my appetite is excellent. I can recommend Plater's Nubian Tea to the world as being a God-send to any community. Any one who doubts this statement can write to OSCAR BAKER, Sold by St. Bernard Drug Store.

Work Delayed.

Work at the new opening of the old Arnold mine has been somewhat delayed during the past week by the severe weather that has prevailed. The inside work has gone on without interruption and coal was put out ready for loading at the time expected, but the laying of the siding has been interfered with considerably, notwithstanding the very energetic pushing of Supervisor James Sullivan, of the L. & N. Railroad. Material that was sent from Louisville to Mr. Sullivan for use in making the siding has been delayed, and he was forced to rob his sections along the line, a little here and a little there, in order to get what was necessary. But he had an eye to such an emergency and was not prevented from going ahead with the work on this account. Foreman Corey, of the St. Bernard outside force, has been pushing things through storm and rain without delay, and much hard work has been accomplished.

With the push that has been employed by all hands in developing this new mine, everything will be in first-class shape in a short while to furnish coal to the freezing and help alleviate the great scarcity of that good article that has prevailed in many markets this season.

Good for the Children.

Mrs. Ella Hinson, of Huston, Ala., writes us August 12th, 1898: "I advise all mothers to give their children Plater's Nubian Tea when they are puny or fretful. I keep this medicine in the house and when the children are ailing I give them a dose and that is the last of it." Sold by St. Bernard Drug Store.

The Magazine Club.

Last Thursday afternoon at the home of the Misses Crenshaw the Club was delightfully entertained. Fortunately, there was a large number in attendance to enjoy the pleasant occasion. Mrs. E. A. Chatten and Mrs. Kemp led the *Review of Reviews* and *Munsie's*. Both articles were quite interesting and much enjoyed. Then came the current events, truly one of the most attractive features of the meetings, always fresh and new. After partaking of light refreshments, the Club adjourned to meet with Mrs. P. M. Moore; Mrs. Ernest Kashi and Miss Lucille Crenshaw leading, and Mrs. Geo. C. Atkinson will read, on Thursday, January 19th.

Having a Great Run on Chamberlain's Cough Remedy.

Masses Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of a gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heat up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Catalyst. For sale by St. Bernard Drug Store, Earlington, B. F. Robinson, Mortons Gap; Geo. King, St. Charles.

A Pleasant Surprise.

A surprise entertainment given at the St. Bernard Parochial School on Wednesday night of last week was enjoyed fully by those whose privilege it was to attend. The guests were invited and a pleasant air of mystery about what was to be was preserved. One of the late improved talking machines, with a miscellaneous selection of attractive songs, etc., was operated for the entertainment of the guests.

A Fine Piece of Color Work.

An experienced art critic gives it as his opinion that there will be no banded piece of color work issued this year than Hood's Sarapapita Calendar for 1899. It is not only useful but artistic and beautiful and up to date. The charming "American Girl" whose beautiful face appears with a delicately painted face in the background, makes a pleasing feature which anyone will be pleased to have before him the whole of 1899. We suppose druggists will have this Calendar, or a copy may be obtained by sending 6 cents to C. I. Hood & Co., Lowell, Mass.

The farmers of Missouri have organized improved roads committees in every county in the State.

Digest Your Food.

Ninety per cent of all sickness is caused by food not being properly digested, it creates poisons and goes into your blood and then you are liable to almost any disease the human system is heir to. Use Dr. Carlist's German Liver Powder and watch the results. You will feel the good effects after taking one dose. Give it a trial and be convinced. Price 25c. For sale by St. Bernard Drug Store. Dr. Otto's Spruce Gum Balsam Cures your cough. Just the medicine for children.

Representative Wheeler is after appropriations to improve the Paducah harbor, which is one of the most important on the Ohio and Mississippi rivers.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c per box at St. Bernard Drugstore.

Road-building by county-jail inmates is to be undertaken in Oneida county, New York. This is following the example in Warren and St. Lawrence counties, where the plan is in successful operation, even at a distance of six or eight miles from the jail.

Coughed 35 Years.

I suffered for 35 years with a cough, and spent hundreds of dollars with doctors and medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rosell, Grantsburg, Ill.

Women's Complexions depend for beauty upon Digestion. Dr. M. A. Simons Liver Medicine Regulates the Stomach, Liver and Kidneys and secures the blessings of good Digestion.

New Drug Firm.

Messrs. Campbell & Co. have succeeded Dr. N. G. Mothershead & Son in the proprietorship of the Railroad Street drugstore. The firm is composed of Mr. William Campbell, of Rensselaer, Ky., and Mr. A. E. Mercer, of Paducah. Mr. Campbell is the druggist and has active management of the business. Mr. Mercer is brother-in-law to Mr. Campbell, having married his sister, and is one of the best engineers on the Louisville division of the I. C. Railroad, running a fast freight between Paducah and Central City. It was his father who opened the old Mercer mines on that road. The Bee welcomes these gentlemen to Earlington and wishes them success. Dr. Mothershead retires from the drug business and will devote himself entirely to the practice of his profession.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on St. Bernard Druggist and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

At His Old Home.

The Pontypool Free Press, published at Pontypool, Monmouthshire, England, has reproduced from *The Bee* the notice of the death of Mr. Edwin Phillips, his biography and the various other notices that were given in *The Bee* relative to Mr. Phillips and his family at the time of his death. Pontypool was the former home and near the birth place of Mr. Phillips and the publication of these of all the information available concerning his life, his death and the surviving members of his family indicates in what esteem he was held at his place of nativity.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by St. Bernard Druggists, Earlington; B. T. Robinson, Mortons Gap; Geo. King, St. Charles.

A Partial Follower.

From the Globe-Democrat. Col. Bryan followed the flag to Florida, but for some reason or other he neglected to provide it with a return ticket.

Red Hot From the Gun.

Was the ball that hit G. M. Steadman of Newark, Mich., in the Civil War. It caused horrible Ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felons, Corns, Skin Eruptions. Best Pile Cure on earth. 25 cents a box. Cured guaranteed. Sold by St. Bernard Druggist.

Expansion Literature.

From the Courier-Journal. That anti-expansion protest grows very slowly. Most people in this country are now too busy signing checks, receipts and other expansion literature to stop to sign anti-expansion protests.

Weak Eyes are Made Strong.

dim vision made clear, eyes removed and regained and eyes of any kind speedily and effectively cured by the use of Sutherland's Eagle Eye Salve. It's put in tubes and sold on a guarantee by the good druggists.

L. A. Greer, Berry Perry, Ky., writes: Dr. M. A. Simons Liver Medicine cures the liver to action like no other, without nauseating, nor debilitating. It is a strengthening tonic. Clears the complexion, gives the skin a superior to Zella's Regulator and Black Draught.

Republican Candidates.

From the Kentucky New Era. L. O. Brumfield is out in a card announcing himself as a candidate for the Republican nomination to represent Christian county in the Legislature. James F. Rogers is also a candidate for the nomination.

Dr. Otto's Spruce Gum Balsam.

A physician can prescribe Dr. Otto's Spruce Gum Balsam. The Formula is in the package. Cures your cough in day. Very pleasant to take. Children cry for it. Large size bottles, price 25c and 50c. For sale by St. Bernard Drug Store. For a beautiful complexion use Dr. Carlist's German Liver Powder.

What They Wear.

From the Sumpter (S. C.) Watchman. The tobacco planters are wearing smiles this fall. The cotton planters find difficulty in obtaining clothes to wear.

Brave Ten Fall.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poison in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at St. Bernard Druggists. Every bottle guaranteed.

They Know It.

From the Knoxville (Tenn.) Journal. The American farmers with full barns and granaries, farmers who have bank accounts and canceled mortgages, they know that; the country is vastly more prosperous than it was five years ago. The workingman who wants to work and is at work and being paid wages knows it. The manufacturers who have orders for their products for weeks in advance of production know it. The merchants whose sales are much larger now than in previous years know it and the reports from the clearing houses show that the bankers know it.

There are destitute people, yes, there always have been and always will be. Nobody expects a prosperity that will relieve all destitution everywhere. And when the fact that five thousand people are fed in a city of more than a million is cited as evidence that the country is not prosperous, it is the result either of thoughtlessness or of insincerity.

Best way to Invest 25 Cents.

ARTIFICIAL, Miss. July 1st, 1898. New Specimen Medicine Co. I want to tell you what I think of your Nubian Tea. I have used it myself and in my family, and it is all that you claim for it. It is the best medicine I ever tried. It is just the thing to take if you feel bad and are bilious. A. B. LANCASTER, Sold by St. Bernard Drug Store.

Bird's Queer Nesting Place.

Hugh Monroe, who for more than seventy-five years traveled the prairies of the Northwest, said that once he had found a bird's nest in the thick hair between the horns of a buffalo bull that he had killed. He had two Indians with him and had killed the young bull which the Indians were beginning to skin and cut up, and while they were doing this he plucked some of the long hair from the forehead to use in wiping out his gun. As he reached down and grasped the hair a little bird— a little gray bird— flew out from under his hand and away. Parting the hair to see whence it had come, he found a round, smooth nest, containing four little young birds. He could not tell what kind of a bird it was.

Consumption Cured.

Dr. Otto's Spruce Gum Balsam will cure any case of consumption if taken in time. Consumption starts with a slight cough or cold. When these consumption gets its start and if you will use Dr. Otto's Spruce Gum Balsam, you will cure the cough, beat the lungs and throat, and avoid the most dreaded of all diseases, consumption. Delay in attending to a slight cough may cost you your life. Large size bottles, Price 25c and 50c. For sale by St. Bernard Drug Store.

The Corpse Walked Away.

Macon, Mo., Jan. 7.—A stanger, apparently frozen stiff and killed by a fall from his horse, was picked up in the roadway. He was brought to the city and taken to an undertaking establishment, where the supposedly dead man was placed in a coffin. An inquest was to be held, but all calculations were rudely upset when the undertaker went to remove the corpse. It was gone. In its stead was this note: "Don't like your old lodging-house a little bit; your beds are too cramped and your niggers don't keep no fire. Sorry to leave you."

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of.—J. A. DODD, Alhambra, Cal. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by St. Bernard Druggists, Earlington; B. T. Robinson, Mortons Gap; Geo. King, St. Charles.

The price of anthracite coal in New York has been advanced 25 cents per ton. The demand there governs the price. Why should it not to some extent influence the Kentucky market?

A Timely Hint.

You should be wise and see that your blood is rich and pure and your whole system put in a perfectly healthy condition by the use of Dr. Carlist's German Liver Powder. Then you will be free from malaria, typhoid fever, colds and the grip. Dr. Carlist's German Liver Powder is the best medicine money can buy. For sale by St. Bernard Drug Store. For your Cold try Dr. Otto's Spruce Gum Balsam. Price 25c and 50c a bottle.

Gov. MacCorkle's Endorsement.

Hon. W. A. MacCorkle, Ex-Gov. of West Virginia, adds his name to the long list of Statesmen benefited by Peruna—the healthily recommended tonic—as a cathartic remedy and tonic.

Hon. W. A. MacCORKLE, Ex-Gov. of West Virginia. CHARLESTON, W. Va., March 9, 1898. *Peruna Medicine Co., Columbus, O.* GENTLEMEN:—Your *Peruna*, as a tonic, is certainly unexcelled, and a number of cases that have come under my observation where it has been used for catarrh, or any disease which has its origin in that vicinity, it has been of great benefit. *Peruna* has my hearty recommendation, both as a tonic and cathartic remedy.

Peruna is a permanent and scientific cure for catarrh. It is purely vegetable and works in harmony with nature. All druggists sell it.

The Laugh is on Them.

One thing which is moving Protectionists to mirth just now is the spectacle of two or three of the fiercest Free-Trade newspapers in Massachusetts setting forth unanswerable demonstrations that the foreign commerce of Great Britain is and long has been at a standstill, and that the scepter of mercantile supremacy is swiftly passing over to the United States. This is a monumental truth which has been proclaimed in the Boston "Journal's" editorial columns time and time again for these half dozen years—and it never failed to turn these same Free-Trade newspapers purple in the face with fury. They have published reams of "copy," endeavoring to refute exactly what they now assert as an original discovery in their new-born zeal against "imperialism." It strikes us that the "Journal" rather has the laugh on its headlong contemporaries.—Boston "Journal."

Lung Irritation.

a the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. Twenty-five cents at all good druggists.

Literary Note.

A very curious presentation of the number of Irishmen of the stamp of Wolsey in England, the Duke of Teutau in Spain, General O'Rourke in Russia, Viscount Tassie in Hungary, who are leaders in many nations, is given in the January Cosmopolitan under the title, "Irish Leaders in Many Nations." It will be found interesting to all who have even a drop of Irish blood in their veins. "The Jews in Jerusalem" is another article in the same number possessing interest for a large class.

I wish to state to the general public that owing to the demand for new work, as well as all classes of repair work, I have procured the services of a first-class shoemaker from Evansville and am now prepared to do all work promptly on short notice. All work guaranteed to fit and give satisfaction.

Will Preach at Mortons Gap.

Elder I. H. Teel, of the Christian Church, has accepted a call to preach to Mortons Gap congregation this year. He will resign his work at Wallonia, Trigg county, notwithstanding it is understood that congregation is unanimous in desiring him to continue, and accept the work at the Gap, which seems more in his field. The date of the first service on the new work is not yet fixed; but when the work is begun the regular preaching appointments will be on the third Sunday in each month.

Elder I. H. Teel has accepted a pressing invitation to visit Trigg county and participate in a fight for prohibition which will terminate in an election in that county on January 28th. Great confidence is felt that prohibition will carry by a large majority, especially in the city of Cadiz. Bro. Teel goes Saturday and will return about Tuesday unless detained longer by the pressure of the fight. He is a strong speaker and his influence is a power in work like this. Then too he now hails from the best town and the most thoroughly dry town in Kentucky—a standing and unrefuted argument for the virtues and possibilities of local prohibition, with public sentiment and conscientious officials and people behind the law.

Dr. William Estes, of Muncie, Ind., who has attained considerable renown from small inventions, has just completed a device, and has secured a patent upon it, by which a regular day railroad passenger coach may be transformed into a sleeper and the reverse. On pressing invitation from the Pullman Company, the doctor has gone to Chicago. There the thing will be thoroughly tested. From Chicago he will go to New York city, where the Wagner Company also desires to look into the new device. In addition to the above two companies, the Big Four railroad has solicited him to sell out his patent to them. The inventor of what promises to be a most valuable thing will give no answer to any solicitation. In the patent the device is called "A day and sleeping passenger car."

NOTHING LIKE LEATHER.

Most Shoes are made of leather, but that is the only thing about them that is alike. The designing, cutting, fitting, sewing, soling, must all come in before the shoe is a shoe, and it depends upon how these are done, whether the shoe is as good as it should be or not. The firm of **PINGREE & SMITH** says: "There's nothing like Leather, If it's well put together."

Our earnest effort for about twenty long years has been to sell shoes made of good leather, well put together. Most of our shoes come direct from the manufacturer to us. We buy from shoe makers who understand their business, and stand behind their work, enabling us to see to it that you "get your money's worth" when you buy your shoes of us.
